

Webster County Sheriff Office Team Player "Reefer"

(Part III in a series)

BY Denis Webster

Reefer, a 4 1/2 year old yellow Lab has been on the Sheriff's Office team since 1997.

Reefer was purchased with funds which came from citizens and businesses who gave donations from Webster and other counties.

The donations more than paid for the \$5,000 price tag, which included training of several weeks with his handler Deputy Randy Dely.

Since his acquisition "Reefer" has brought in \$18,000.00 (approximately) in drug seizures.

He has his own kennel when he's not patrolling. He's identified with his own badge and number (903K).

Reefer is utilized in Webster County along with many other cities and counties in southwest Georgia.

In addition to his numerous tasks he is also used in the drug awareness school programs.
